Configuring the Netcomm NP803N

1. Launch any browser e.g Internet Explorer, Google Chrome, Firefox, etc. In the address bar, type http://192.168.20.1

2. It will prompt for a password. It will ask for the router login credentials

   Username: admin
   Password: admin or your wifi password <= of none of the passwords you know are working, then you may need to reset the router to factory settings. Please contact support for assistance before doing so.

3. Click on Internet on the left handside and choose PPPOE from the type as seen in the screenshot below. Enter your Clear Networks (ending in @clearmail.com.au) login credentials.

   Authentication: Auto
   MTU: 1480
   Type: Keep Connection.

   Click Apply on the lower right.
